FairBot – Refund Policy

FairBot comes with a free 15-day trial and a 14-day money-back guarantee on your first purchase.

14-day money-back guarantee. If you are not satisfied with FairBot, you can request a full refund within 14 days of your first purchase. No reason is required, even if you have activated and used the software, and no fees are deducted.

The guarantee applies to your first subscription only, once per person, email address and Betfair account.

Duplicate payments. If you paid twice by mistake, we refund the extra payment in full or, if you prefer, add it to your subscription.

After 14 days, payments are non-refundable, including unused time and change of mind. Trading and betting losses are not refunded, as FairBot does not guarantee profits.

No automatic renewal. Subscriptions end when the paid period expires. You are not charged again unless you buy a new subscription.

How to request a refund: use our contact form at https://binteko.com/contacts [1] or email support@binteko.com [2] with your order number and the email address used for the purchase. We aim to reply within 2 working days. 2Checkout pays approved refunds to your original payment method, and your registration key is deactivated.

Your statutory rights. If FairBot has technical problems or does not meet legal requirements, you may also be entitled to a repair, price reduction or refund under consumer protection laws. Nothing in this policy limits your statutory rights.
